HOUSE & GARDEN NUTRIENTS

PREMIUM NUTRIENTS & ADDITIVES

3-Part Base Nutrient

CalMag delivers essential elements for all stages.

Grow delivers base nutrition for all vegetative stages.

Bloom delivers base nutrition for all flowering stages.

Additives

Drip Clean uses ionic bonding to bind excess salts that may accumulate, creating a molecule that removes buildup of minerals in the used system and ensures maximum uptake for the plant.

Bud-XL focuses solely on the formation of fruits and flowers. Consisting of key components for flowering to facilitate the movement of sugar from the leaves and bracts to the fruits and flowers. This ensures a robust and aromatic yield. Use from the first signs of flowering, fruit and flower formation, to the final rinse.

CALCULATE CUSTOM DOSAGE

View Our Dosage Reference Guide

Mixing Instructions

Step 1 Fill your container with water to 2/3 the desired final volume.

Step 2 Add the specified amount of CalMag, Grow or Bloom while stirring to fully dissolve. Do not mix more than one component per stock tank.

Step 3 Add remaining water to the desired final volume per product and stir each to dissolve.
